

LAUNDRY AND THE ENVIRONMENT

You can help make this laundry as environmentally friendly as possible.

1

Don't overload the machines but do try to wash a full load.

2

Don't mix colours and whites. **Wash them separately.**

3

Save energy. Wash at low temperature wherever possible.

4

Use good quality detergent.

5

Follow the care label instructions on your garments. Washing symbols are shown below on the left, drying on the right.

Hand wash only

Wash at 40°C

Do not wash

Low heat

Normal heat

Do not tumble dry
